BRAZIL RECOGNIZED.

The President Formally Recognizes the

Washington, Jan. 31.—The formal ecognition of the United States of Brazil by this Government was completed yesterday afternoon, when the President received the credentials of Senhor J. G. Deamaral Valente, the new Minister, accredited by the Provisional Government, and also the credentials of Senhor Salvador Mendonea as Envoy Extraordinary and Minister Plenipotentiary on a special mission to the United States.

The ceremonies were marked by great cordiality. The two Ministers, with their joint suite of four secretaries, made a fine appearance in their rich and brilliant uniforms. Secretary Blaine presented the two Ministers and they in turn presented their secretaries. The nies were in the blue room.

The President, in receiving Mr. Va-

lente, said: "Mr. Minister, I receive you as the representative of a new Republic-always a grateful duty to the Government of the United States. The peaceful course of events that has transformed the Empire of Brazil into the United States of Brazil has been observed with deep interest by the Government and people of this country. It is a source of profound satisfaction to the American people that the Provisional Government of the Brazilian Republic came into power without bloodshed and without violence. I trust this circumstance may prove a happy augury of peace, progress and prosperity in the career which now opens to the United States of Brazil. Speaking for the people of this country, it will be my con stant aim to cultivate the most friendly relations with your Government, to increase the personal intercourse and to enlarge the commercial exchanges between the two Republics. I trust, Mr. Minister, that you will find in this capital a pleasant residence, as I am sure

you will receive a warm welcome." The Brazilian Minister aptly replied on behalf of his Government and was formally welcomed by the President as the representative of the new Republic.

BANK WRECKING.

A Worthy Rival 'of "Napoleon" Ives Found in New York—Candidates For Stripes. New York, Jan. 31.—The Lenox Hill

Bank has suspended payments. It is controlled by the same parties who last week bought the control of the Sixth National Bank of this city, which has since been closed by the bank examiner. The knowledge of the relation of the two institutions caused a run on the bank which it was unable to meet.

The Clearing House Association yes erday acted on the Sixth National and decided to drop it from the association. The Equitable Bank has also been mentioned in connection with the other

two institutions. Its president makes the following statement: "The owners of the Sixth National have a minority interest in the Equitable only, and the bank is not affected."

Wall street looks upon the attempt to dispose of the \$622,000 in bonds owned by the Sixth National Bank as simply a case of highway robbery. President Classen, after abstracting the bonds from the safe deposit vault turned them over to George H. Pell, a broker of unsavory reputation, who attempted to dispose of them on the street, representing them to be the property of his wife.

Mr. Colsen, the cashier of the bank, learning of the action of Classen, notified the clearing house and the bank examiner. The latter soon learned enough to cause him to close the bank and call on Classen for the return of the 2632,000 in securities. By his prompt action he succeeded in getting back \$201,-In lieu or or of the bonds account of the rest of the abstracted bonds Classen handed the bank examiner checks for \$382,000. These checks fell short of the market value of the abstracted securities \$140,000. The

checks are being protested. The United States District Attorney has issued warrants for the arrest of President Classon and Broker Pell.

George H. Pell, the broker implicated in the wrecking of the Sixth National Bank, was arrested last night and locked up in Ludlow street jail.

MISS BISLAND.

Nellie Bly's Rival Arrives at New York From a Trip Around the World. New YORK, Jan 31 .- A large crowd

assembled at the Cunard dock yesterday morning to welcome Miss Elizabeth Bisland, the young lady who left New York on November 14 last to travel around the world and beat, first, the time of Jules Verne's hero of fiction Phineas Fogg. and second, Nellie Bly, who left nine hours earlier the same day and traveled in an opposite direction. The Bothnia, the slowest vessel of the Cunard fleet, was unluckily the only ship that Miss Bisland, who went to London instead of Paris, as was expected, could take. In this slow boat she left Queenstown on Sunday, January 19, and, after ten and a half days buffeting with fierce gales, arrived in port only yesterday morning. The French steamer La Champagne, on which she should have come, and which waited four hours for her in Havre Saturday, January 18, arrived on Monday last, and Captain Boyer said to a reporter yesterday that had Miss Bisland been on board he would have landed her on Sunday afternoon last, one day only behind her rival. The story has already been told of the arrangements made for Miss Bisland to get the French boat and the amazement of her friends that she did not do so.

Sufferers are not generally aware that these diseases are contagious, or that they are due to the presence of living parasites in the lining membrane of the nose and eustachian tubes. Microscopic research, however, has proved this to be a fact, and the result of this discovery is that a simple remedy has been formulated whereby Catarrh, Hay Fever and Catarrhal Deafness are permanently cured in from one to three simple applications made at home by the patient once in two weeks.

N. B.—This treatment is not a snuff or an ointment; both have been discarded by reputable physicians as injurious.
